Quotes from assessors

"Ingots use innovative formative assessment strategies through blogging and criteria matching. They eradicate piles of paperwork associated with traditional ICT courses and make assessment efficient and effective."

-- Rakesh Patel, Head of ICT Granville Community Sports College

"We have 30 feeder primary schools and 7 took part in the trial INGOT programme last year as part of our Specialist Schools Community Plan. There is a marked difference in the capabilities of those that took part and those that did not with measurably higher attainment. Since INGOTs provide progression routes to higher levels for older learners we now have a complete system for accelerating learning"

-- Elaine Delahunt, Assistant Headteacher Up Holland Mathematics, Computing and Music College

"Those that have achieved their Entry Level INGOT certificates are now demanding that we offer the Level 1. There is a clear effect on motivation and practical support for accelerated learning".

-- Mark Greenwood, Assistant Headteacher Our Lady's Catholic High Specialist Mathematics and Computing School
