

Future Fest 2019

12th June 2019 come to South & City College Birmingham, Digbeth Campus, Future Fest 2019, together with TLM, the launch and demonstration of a range of courses in emerging and digital technologies to help learners follow their chosen careers and assist businesses to meet their skills needs.

STARTS AT 10am. Qualifications from TLM include Cyber Security & Digital Forensics, Units on robotics and artificial intelligence, drone technologies and many other courses at the College including Network Support Apprenticeship, Cyber Security Apprenticeship, Infrastructure Technician Apprenticeship all accompanied with live events and support from the TLM team and its partners, South & City College Birmingham.

We look forward to seeing you there.
