Level 3, Unit 8 - Using the Internet (5 credits)

1. 1. Select and set up an appropriate connection to access the Internet

[1.1 I can identify different types of connection methods that can be used to access the Internet](#) [7]

[1.2 I can explain the benefits and drawbacks of different](#)

2. 2. Set up and use browser software to navigate webpages

[2.1 I can select and use browser tools to navigate webpages effectively](#) [8]

[2.2 I can explain when to change browser settings to aid](#)

3. 3. Use browser tools to search effectively and efficiently for information from the Internet

[3.1 I can select and use appropriate search techniques to locate information efficiently](#) [9]

[3.2 I can evaluate how well information meets](#)

4. 4. Use browser software to communicate information online

[4.1 I can identify and analyse opportunities to create, post or publish material to websites](#) [10]

[4.2 I can select and use appropriate tools and](#)

5. 5. Develop and apply appropriate safety and security practices and procedures when working online

[5.1 I can explain the threats to system performance when working online](#) [11]

[5.2 I can work responsibly and take appropriate](#)

connection methods [12]	navigation [13]	requirements [14]	techniques to communicate information online [15]	safety and security precautions when working online [16]
1.3 I can analyse the issues affecting different groups of users [17]	2.3 I can adjust and monitor browser settings to maintain and improve performance [18]	3.3 I can manage and use references to make it easier to find information another time [19]	4.3 I can share and submit information online using appropriate language and moderate content from others [20]	5.3 I can explain the threats to information security and integrity when working online [21]
1.4 I can select and set up an Internet connection using an appropriate combination of hardware and software [22]	2.4 I can explain when and how to improve browser performance [23]	3.4 I can download, organise and store different types of information from the Internet [24]		5.4 I can keep information secure and manage user access to online sources securely [25]
1.5 I can recommend a connection method for Internet access to meet identified needs [26]	2.5 I can customise browser software to make it easier to use [27]			5.5 I can explain the threats to user safety when working online [28]
1.6 I can diagnose and solve Internet connection problems [29]				5.6 I can explain how to minimise internet security risks [30]
				5.7 I can develop and promote laws, guidelines and procedures for safe and secure use of the Internet [31]
