Teaching Apprenticeship

This draft is a simple starting point for a qualification based on the <u>teaching standards</u> [1]. It is not yet complete and will be developed further as required. Links are not yet complete and provided as examples at this point.

The following tables provide the learning outcomes and assessment criteria for qualified teachers supporting work based learning that follows on from their teacher training. The assessment criteria are designed to cover the teaching standards, grouping them into credit based units and organised under learning outcomes in keeping with the Qualifications and Credit Framework. This then provides the option of providing a nationally accredited Diploma at QCF level 7 referenced to the European Qualifications Framework and providing credit in the ECVET system. There is <u>further guidance</u> [2] linked to each of the assessment criteria.

Rules of Combination

The proposed qualification title will be TLM Advanced Diploma in Practical Teaching (QCF)

To achieve the TADPT the candidate must pass both units. To pass each unit evidence must be provided that the intended learning outcomes are secure by meeting the under-pinning assessment criteria. Evidence will be assessed locally by a trained assessor and verified by an independent external account manager at the Awarding Organisation.
